**Reinforced Composite** 

## **MATERIAL SAFETY DATA SHEET**

**Chemical Name or Synonym** 

Manufacturer's Name: Strongwell Corporation-Bristol Division								
Person Responsible for Preparation: John E. Barker Date Prepared: 12-3-12  Dat								
Person Responsible for Preparation:  John E. Barker  Date Prepared: 12-3-12  Plazardous Component(s) (chemical & common name(s) OSHA ACGIH Other Exposure % CAS  Solid rigid composite matrix of epoxy, fiberglass and wire mesh. This product meets the definition of "article" under 29CFR1910-1200 (c) October, 1989 – A manufacturer item: I. Which is formed to a specific shape or design during nanufacture; II. Which has end function(s) dependent in whole or part upon its shape or design during end use and III. Which does not release or otherwise result in exposure to a hazardous chemical under normal conditions of use. It is herefore not considered a hazardous material.  Warning: The grinding, drilling, sanding or other mechanical working of this product may generate dusts that could form combustible (explosive) dust-air mixtures.								
Hazardous Component(s) (chemical & common name(s) OSHA ACGIH Other Exposure % CAS  Solid rigid composite matrix of epoxy, fiberglass and wire mesh. This product meets the definition of "article" under 29CFR1910-1200 (c) October, 1989 – A manufacturer item: I. Which is formed to a specific shape or design during nanufacture; II. Which has end function(s) dependent in whole or part upon its shape or design during end use and III. Which does not release or otherwise result in exposure to a hazardous chemical under normal conditions of use. It is .  Warning: The grinding, drilling, sanding or other mechanical working of this product may generate dusts that could form combustible (explosive) dust-air mixtures.

SECTION 3 - PHYSICAL & CHEMICAL CHARACTERISTIS								
SECTION 3 - PHYSICAL & CHEMICAL CHARACTERISTIS								
SECTION 3 - PHYSICAL & CHEMICAL CHARACTERISTIS								
SECTION 3 - PHYSICAL & CHEMICAL CHARACTERISTIS								
Boiling Point: NA Specific Gravity (H20=1): 1.61-2.0 Vapor Pressure(mm Hg): NA								
/apor Density (Air=1):NA Solubility in Water:NA Reactivity in Water:NA								
Appearance & Odor: NA Melting Point: NA NA								
SECTION 4 - FIRE & EXPLOSION DATA								
Flash Point: NA Method Used: NA Flammable Limits in Air % by Volume: NA								
The field of the f								
LEL Lower: NA UEL Upper: NA Auto-Ignition Temperature: 800° + F								
Extinguisher Media: Dry Chemical, CO <sub>2</sub> , Water or Foam								
Special Fire Fighting Procedures: Use Self-Contained breathing apparatus (SCBA)								
Jnusual Fire and Explosion Hazards: Heavy Smoke								

Stability:	Unstable	Conditions to Avo	oid <u>: None</u>					
Incompatib	Stable ⊠	Avoid). None						
Incompatibility (Materials to Avoid): None								
Hazardous Decomposition Products: Carbon Monoxide and other unidentified organic compounds								
Hazardous Polymerization: May Occur Conditions to Avoid: None								
		Will not Occur	×I					
SECTION 6 - HEALTH HAZARDS								
1. Acute: Eye or skin irritation from dust 2. Chronic: None								
Signs & Symptoms of Exposure: NA								
Medical Conditions Generally Aggravated by Exposure: <u>NA</u>								
Chemical Li	sted as Carcinoge	en or potential Car	cinogen: NA					
National To	xicology: Yes		I.A.R.C.	Yes	OSH	A: Yes		
Emorgoney	No D	<b></b>	Monographs:		ator	No ⊠		
Emergency & First Aid Procedures: Flush eyes with water and wash skin with soap and water  1. Inhelation: I witation from inhelation of dust. Remove to fresh air.								
Routes	1. Inhalation: Irritation from inhalation of dust. Remove to fresh air							
of	2. Eyes: Flush eyes with water, consult physician if irritation persists							
Entry	3. Skin: Mild irritation from exposure to dust, wash skin with soap and water							
A POR TO THE REST OF THE PROPERTY OF THE PROPE	4. Inge	estion: NA						
SECTION 7 - SPECIAL PRECAUTIONS AND SPILL/LEAK PROCEDURES								
					,			
Precautions to be taken in Handling & Storage: None								
Other Preca	nutions: <u>NA</u>							
Steps to be	taken in case Ma	aterial is Released	or Spilled: NA					
Waste Disposal Methods (consult federal, state & local regulations): Considered a solid waste; not toxic by TCLP								
	guidelines.							
SECTION	8 — SPECIAL PR	ROTECTION INFO	RMATION/CONTR	OL MEASURES				
Respiratory	Protection (Spec	cific Type): <u>Use NI</u>	OSH approved dust re	espirator when cutting	g, grinding	g or drilling		
Ventilation:	<u>Yes</u>	Local Exhaust <u>:</u>	Yes Mech	nanical (general):	Yes	Speci <u>al:</u>	NA	
Protective (	Gloves:	Leather Gloves	Eye Protection	: Safety glasses				
Other Protective Clothing or Equipment: <u>Long pants and long sleeve shirts</u>								
Work/Hygienic Practices: Change work clothing regularly if exposed to dust
